"THANK YOU for an amazing trip! Our son had a fantastic time. He came home with many stories, learned so much about our nation's history, made several new friends, and enjoyed a first time experience of days away from home without family. Thank you so much for providing this opportunity. The trip was incredibly well run, organized, & planned. I also appreciate all the chaperone's who volunteered their time to make this happen."

- Former 8th grade parent
